- Since you have a PIN, select 'Yes'. You have a couple choices with how you would like to setup the Patient Portal. Here's an explanation of your choices:
 - 'Myself' allows you to enter the PIN you were given along with your Date of Birth. After selecting a security question and typing in your security answer, agree to the Terms and Conditions and select the 'Create My Account' button. Note: *we will need your Date of Birth on file for you to create an account for yourself as the parent.*
 - 'Child or Dependent' allows you to enter the patient's Date of Birth as well as the PIN you were given. The next screen will ask for your information as the parent or guardian.

***If you are having any issues or questions, please do not hesitate to contact us through the messaging feature in the Patient Portal or call us at 623.846.7575 and we will be glad to assist further.**
